Dear Mr Russell

Funds Recovery Pty Ltd is a company that specialises in assisting our clients identify and have funds returned that are rightfully theirs. These funds are in general being held by State and/or Federal Government bodies across Australia.

Most of our clients, when first contacted are not aware of any assets that have gone missing. Importantly they also do not realise that their funds, while they are under the control of the Government, **are no longer earning any interest.**

As part of our company's normal business activities we are attempting to make contact with:

Roy Les Russell

With a previous contact address of:

250 Bright Street Junee NSW 2663

If you have any connection with this address, or know anyone who does, it would be worth their while to return the enclosed agreement so as to ascertain whether they are the rightful owner of any unclaimed funds. As you maybe aware that, under the privacy act, we require your written authorisation to act on your behalf.

Once it is established that you are the rightful owner, the process is straightforward in confirming your identity and having the funds returned to you. We suggest that you act promptly as we recently found when making an application on behalf of a client we received a response from one State Government Authority stating:

"You are advised that the owner's entitlement to the money has been extinguished under s17 of the Unclaimed Money Act 1995"

meaning that the funds have gone forever. If you have any concerns about our credentials or integrity feel free to contact me directly during office hours on:

1 3 0 0 3 6 9 6 6 3

Yours sincerely

Bruce Chistleton

Note: On 2 November 2009 Parliament passed legislation with a timeframe embargo before the asset is extinguish forever. This puts your assets at risk. Please act promptly to avoid disappointment.
